## Dora The Explorer

Cartoons playfully teach children numbers, the English language, the rules of conduct.

The peculiarity of this cartoon is to communicate with the audience Dashi. She constantly asks what else to say, then jump, then a look and find something on the screen.

Cartoon plan is always the same. Girl Dasha is going to march under different pretexts. The road map tells her, she always have to go through 3 (rarely - 4) basic points, the last of which - the ultimate goal of travel, while others can be obstacles or successive points solving any problem. On the way to help her friends: Monkey Slipper, Backpack, Map. Sometimes they come to the rescue squirrel Tico, Boris bull, Isa the iguana, Mr. Toucan and Train. Prevents Rogue fox Dasha, who is trying to steal something and throw away. Sometimes he manages it, and then the Dasha have to look for the missing item.

Mr Tiko Toucan and speak only in English. Dasha always explains that it is necessary to say English-speaking friends to help. So trained some English words.

Sometimes help comes Dasha her eight-year cousin Diego, about him there is a separate animated series called "Go, Diego, Go!". We have a computer Diego, which contains information about the animals.
