Synonyms:

continuous / continual

These adjectives are frequently used with the following nouns:

continuous ~	continual ~
process	change
employment	problems
flow	updating
line	questions
speech	pain
supply	fear

Continuous describes something that continues without stopping.

Continual usually describes an action that is repeated again and again.

The difference between these two words is now disappearing. In particular, **continual** can also mean the same as **continuous** and is used especially about undesirable things: • Life was a continual struggle for them. However, **continuous** is much more frequent in this sense.
