- 3. uncountable, countable (formal) a warning or a piece of advice about a possible danger or risk

a word/note of caution

• Some cautions must be mentioned— for example good tools are essential to do the job well.

Word Origin:

Middle English (denoting bail or a guarantee; now chiefly Scots and US): from Latin cautio(n-), from cavere 'take heed'.

Synonyms:

care

caution • prudence

These are all words for attention or thought that you give to sth in order to avoid mistakes or accidents.

care • attention or thought that you give to sth that you are doing so that you will do it well and avoid mistakes or damage: = She chose her words with care.

caution • care that you take in order to avoid danger or mistakes; not taking any risks: = The utmost caution must be exercised when handling explosives.

prudence • (rather formal) being sensible and careful when you make judgements and decisions; avoiding unnecessary risks: = As a matter of prudence, keep a record of all your financial transactions.

Prudence is used particularly in financial contexts.

to do sth with care/caution/prudence

great/extreme care/caution/prudence
