smog

Longman DOCE 5th Ed. (En-En)

smog /smɒg \$ smɑːŋ smɒŋ/ *BrE* ^ˈ *AmE* ^ˈ *noun [uncountable and countable]*

[Date: 1900-2000; Origin: smoke + fog]

dirty air that looks like a mixture of smoke and ↑fog, caused by smoke from cars and factories in cities

—smoggy *adjective*

THESAURUS

- **cloud** *noun [uncountable and countable]* a white or grey mass in the sky that forms from very small drops of water: The storm was still a way off but black clouds were gathering. | Thick cloud obscured the top of the hill.
- **fog** *noun [uncountable and countable]* very thick cloud near the ground which is difficult to see through: The cars crashed into each other in thick fog. | The fog had lifted (=disappeared) slightly.
- **mist** *noun [uncountable and countable]* light cloud near the ground that makes it difficult for you to see very far. **Mist** is usually not as thick as **fog**. You often get mist near areas of water or mountains: The morning mist was lifting and the sun was coming up. | A grey mist hung over the water. | The hills were shrouded in mist (=surrounded by mist).
- **haze** *noun [singular, uncountable]* smoke, dust, or mist in the air which is difficult to see through: He saw the horses coming towards him through a haze of dust. | The road shimmered in the heat haze. | A pale blue haze hung over the far-off mountains.
- **smog** *noun [uncountable and countable]* dirty air that looks like a mixture of smoke and fog, caused by smoke from cars and factories in cities: The city is covered in smog for much of the year. | A smog warning was issued for parts of Southern Oregon.
- **thundercloud** *noun [countable]* a large dark cloud that you see before or during a storm: He watched the thunderclouds roll across the valley.
- **vapour trail** *British English, vapor trail American English noun [countable]* the white line that is left in the sky by a plane: High overhead, a jet left its vapour trail across the blue sky.
