engineering
                                                                                                               Apresyan (En-Ru)
1. [/endʒɪ'nɪ(ə)rɪŋ] n
   1. 1) техника; инженерное искусство; технология
    radio engineering - радиотехника
    chemical engineering - химическая технология
    electrical engineering - электротехника
    environmental engineering - технология, учитывающая последствия для окружающей среды
    safety engineering - техника безопасности
    cinematograph engineering - кинотехника
    industrial engineering - организация производства
    development engineering - разработка новых конструкций
    engineering fee - вознаграждение /гонорар/ за технические услуги
  2) машиностроение (тж. mechanical engineering)
  2. неодобр. махинации, интриги, происки
    election engineering - предвыборные махинации; фальсификациявыборов
  3. инженерия
    social engineering - социальная инженерия (изучает методы перестройки общества)
    human engineering - a) психотехника; б) эргономика; в) инженерная психология
  4. разработка проектирование
    engineering time - a) время технического обслуживания, инженерное время; б) цикл разработки (вычислительной системы)
2. [/endʒɪ'nɪ(ə)rɪŋ] a
  1. прикладной (о науке)
  2. технический; технологический
    engineering data - технические данные
    engineering library - техническая библиотека
    engineering cloth - a) ткань для спецодежды; б) техническая ткань
  3. машиностроительный
    engineering industry - машиностроение
                                                                                     Oxford Advanced Learners Dictionary 8th Ed.
engineering
