

secretion

I
[sɪˈkriːʃ(ə)n] *n* *физиол.*
секреция

II
[sɪˈkriːʃ(ə)n] *n* *книжн.*
сокрытие, укрывание, укрывательство

secretion

Oxford Advanced Learners Dictionary 8th Ed.

se·cre·tion [secretion secretions] *BrE* [sɪˈkriːʃən] *NAme* [sɪˈkriːʃən] *noun*

(technical)

- uncountable** the process by which liquid substances are produced by parts of the body or plants
 - the secretion of bile by the liver
- countable, usually plural** a liquid substance produced by parts of the body or plants
 - bodily secretions

Word Origin:

mid 17th cent.: from French *sécrétion* or Latin *secretio(n)-* 'separation', from *secret-* 'moved apart', from the verb *secernere*.

secretion

Longman DOCE 5th Ed. (En-En)

se·cre·tion /sɪˈkriːʃən/ *BrE* *AmE* *noun*

[**Date:** 1600-1700; **Language:** French; **Origin:** *sécrétion*, from Latin *secretio* 'separation', from *secretus*; ⇨ ↑**secret** 1]

- [uncountable and countable]** a substance, usually liquid, produced by part of a plant or animal:
These secretions are used by the caterpillar as a defence.
- [uncountable]** the production of this substance:
the secretion of hormones by the pituitary gland
