	NAmE / susper 'stickey'

Word Origin:

late 15th cent. (in the sense 'postpone, defer'): from Old French superseder, from Latin supersedere 'be superior to', from super'above' + sedere 'sit'. The current sense dates from the mid 17th cent.

supersede

Longman DOCE 5th Ed. (En-En)

super sede /,supersi\$dper-/ BrE * AmE * verb [transitive]

[Date: 1400-1500; Language: Old French; Origin: superseder 'to not do something', from Latin supersedere 'to be better than, not do something', from sedere 'to sit']

if a new idea, product, or method supersedes another one, it becomes used instead because it is more modern or effective **SYN replace**:

Their map has since been superseded by photographic atlases.

THESAURUS

a thing

- **replace** if one thing replaces another, it is used instead of the other thing, usually permanently: The car was old and needed replacing. | Computers have replaced typewriters.
- take something's place /take the place of something to be used instead of another thing: If any of the eight units fails, its place will be taken by the back-up unit. | MP3 players are taking the place of CDs. | Ugly concrete apartment buildings have taken the place of the old houses.
- supersede to take the place of something used especially about inventions, methods, organizations etc: The League of Nations was superseded by the United Nations in 1946. | Analysis by manual calculation has been superseded by more modern computer-based methods. | Goose used to be a traditional Christmas bird until turkey superseded it in popularity. | Iron began to supersede bronze for tool making about 3000 years ago.
- substitute something for something to use something instead of the thing that you usually use, because the usual thing is not available used especially about food: You can substitute margarine for butter in most recipes.
